Remarks

Some cases of reference style inconsistency are found in the thesis. Two slight modifications will make any atypical citations consistent with the Harvard style:

a. Merging of two grouped citations
   Example: Written: (Larsson 2014),(Tunå 2013) shall be: (Larsson 2014; Tunå 2013)

b. Parenthesis location for citations in running text
   Example: “.applied by (Heyne 2013).” shall be: “...applied by Heyne (2013).”
