

Supplementary Material: An insight into the capabilities of professionals and teams in agile software development

A systematic literature review

Sai Datta Vishnubhotla¹, Emilia Mendes^{1,2} and Lars Lundberg¹

¹Department of Computer Science, Blekinge Institute of Technology, 37179, Karlskrona, Sweden

²Department of Information Processing Science, University of Oulu, 90014, Oulu, Finland

This document presents the list of primary studies in the systematic literature review.

APPENDIX: LIST OF SLR PRIMARY STUDIES
