

Registration and publishing of theses in DiVA

This template is to be filled out by students and handed over to the supervisor at the thesis seminar.

The following instructions are valid at the Faculty of Social Sciences until further notice:

- All theses and degree projects should be registered in DiVA (<http://umu.diva-portal.org/>).
- Thesis authors must give their permission for publishing the thesis in full text. Without such permission, the thesis will appear in DiVA only with author and thesis title.
- Information about possible external cooperation should be given. External cooperation is defined as “*works that are done in collaboration with an external party outside of academia and where a resource person must be available*”. It should thus be collaboration for mutual benefit rather than just data collection. Information about external collaboration should be given on this form as well as when the thesis is uploaded in DiVA, under “Cooperation”. Below, you should state name of organization and contact person. In DiVA, however, do not state the organization’s name: write “Anonymous” in the designated field.
