

SMHI Gridded Climatology

## Appendix B: Error estimates

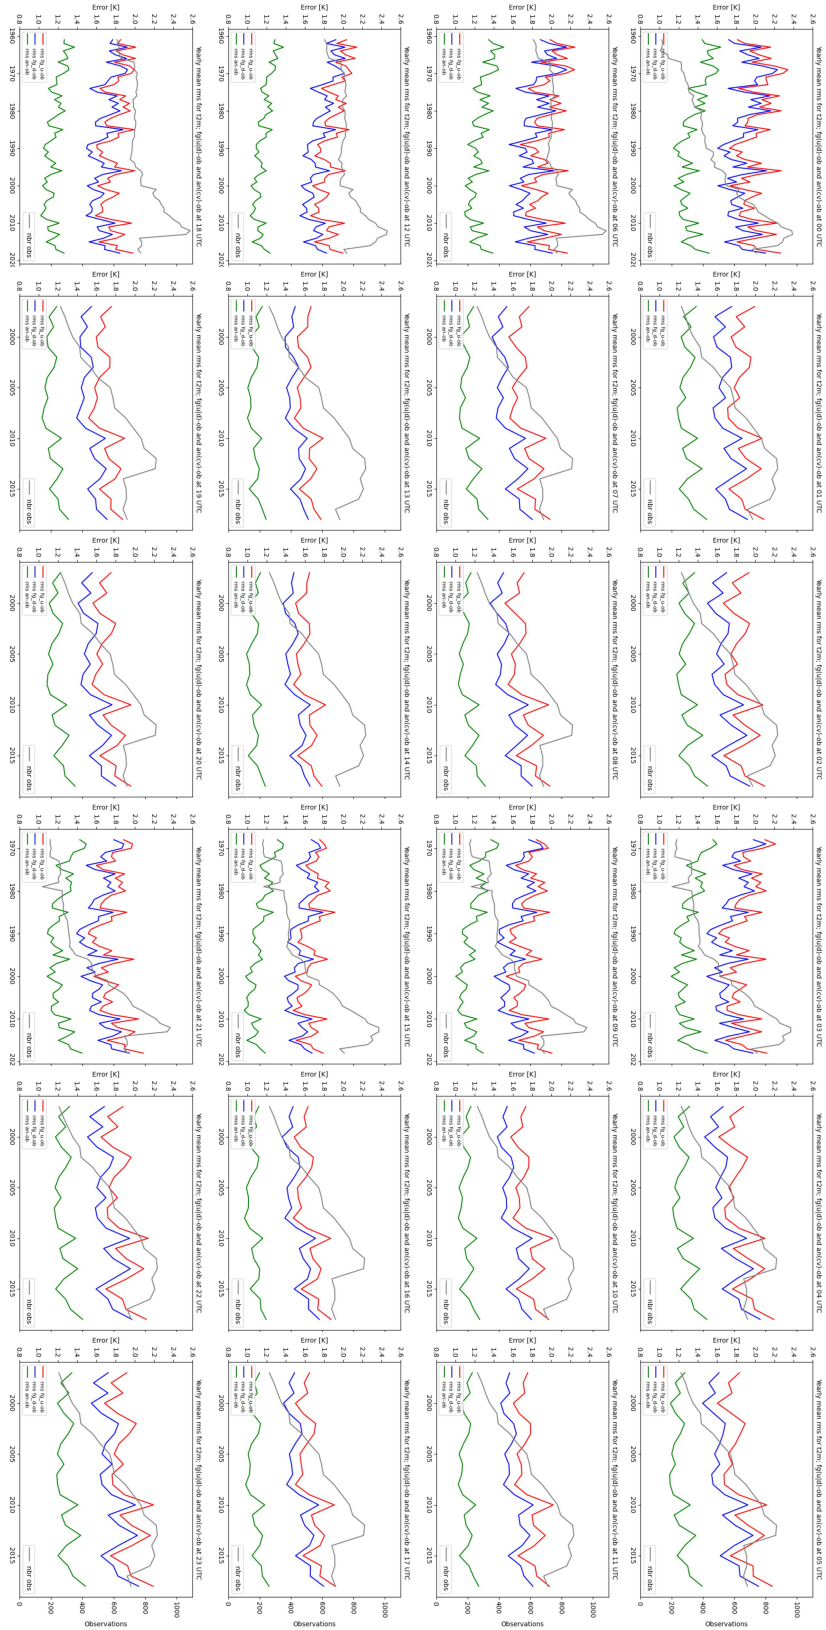

# T2m bias and standard deviation

Figure 1: Error statistics for T2m in terms of bias and standard deviations for each analysis hour.

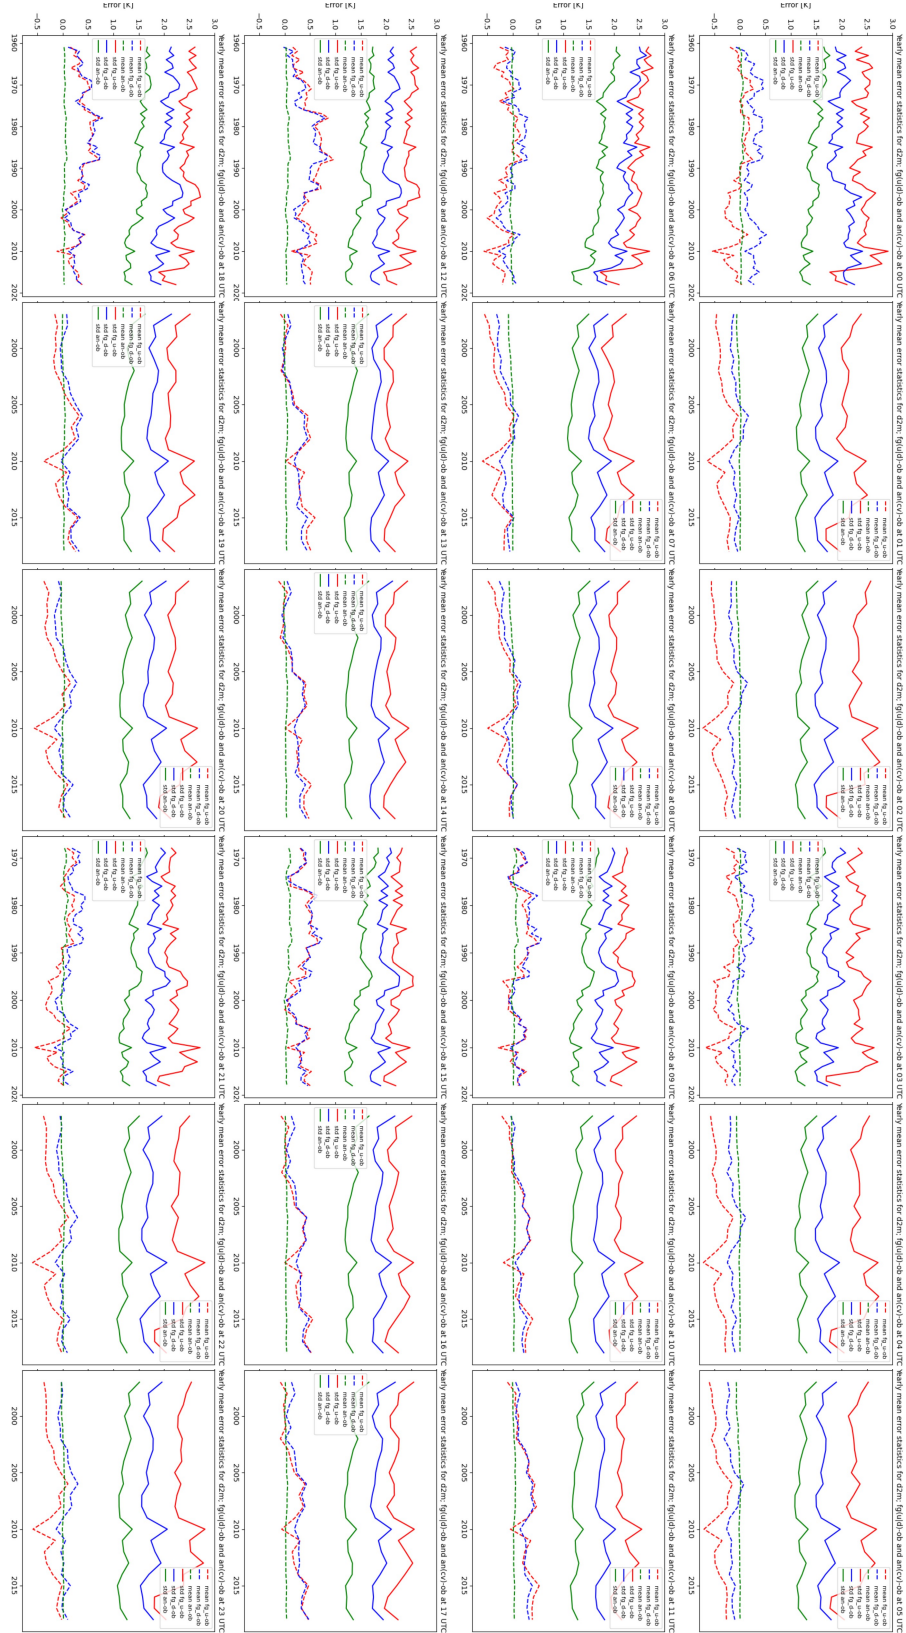

# T2m RMSE and number of observations

Figure 2: Yearly mean of RMSE and thenumber of observations for each hour of the T2m analysis

# Td2m bias and standard deviation

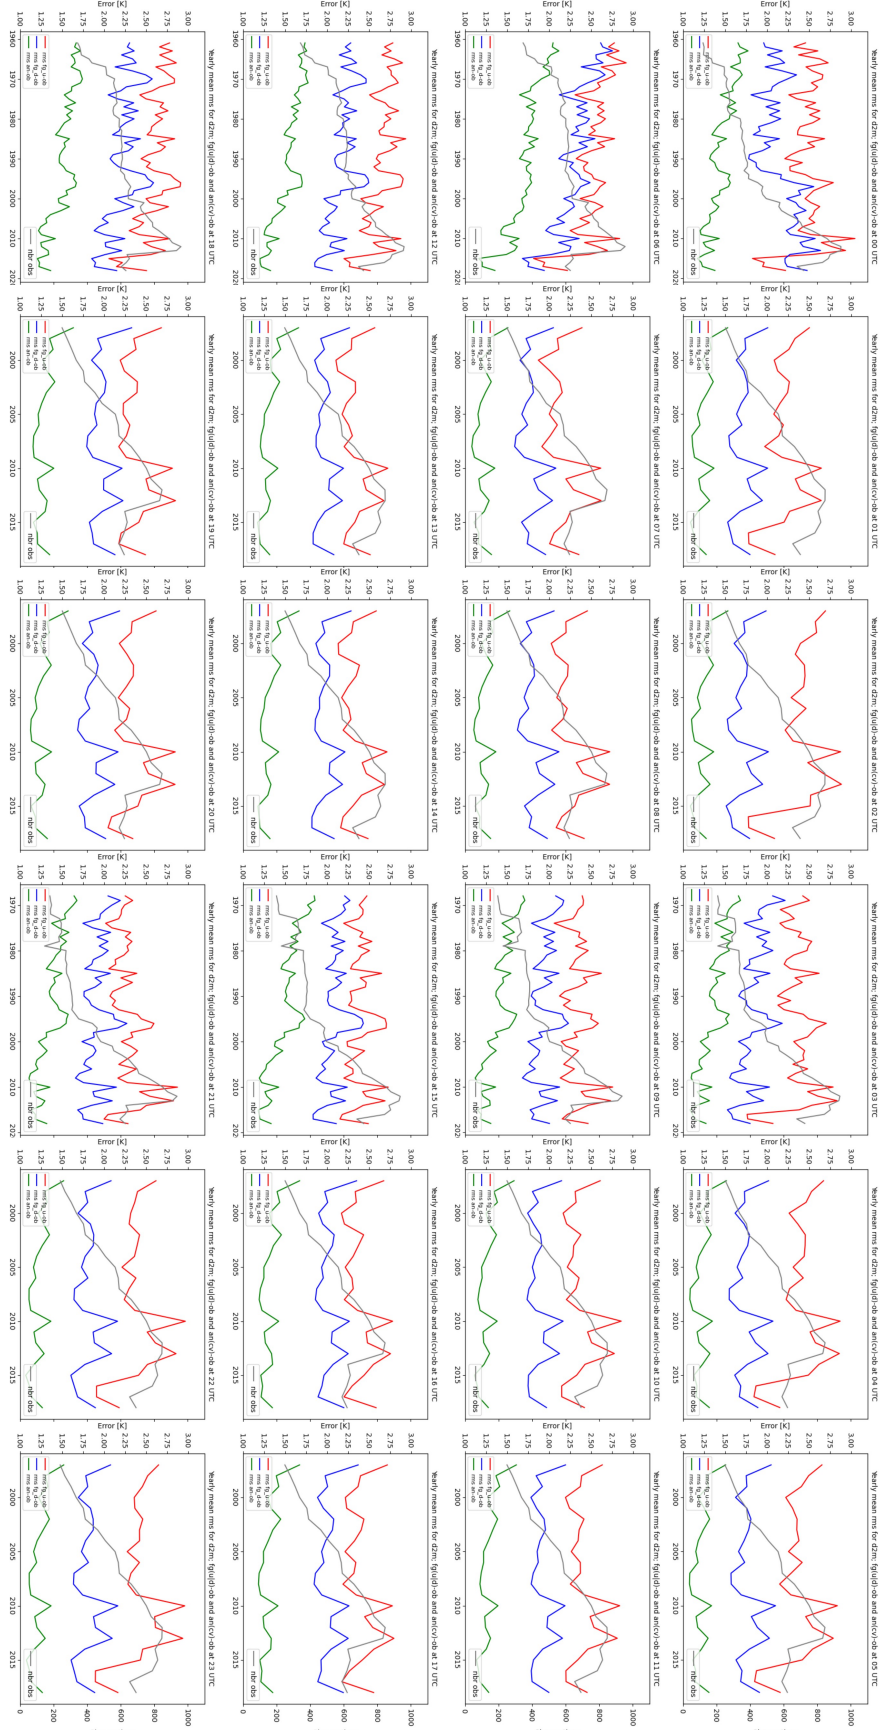

Figure 3: Error statistics for Td2m in terms of bias and standard deviations for each analysis hour.

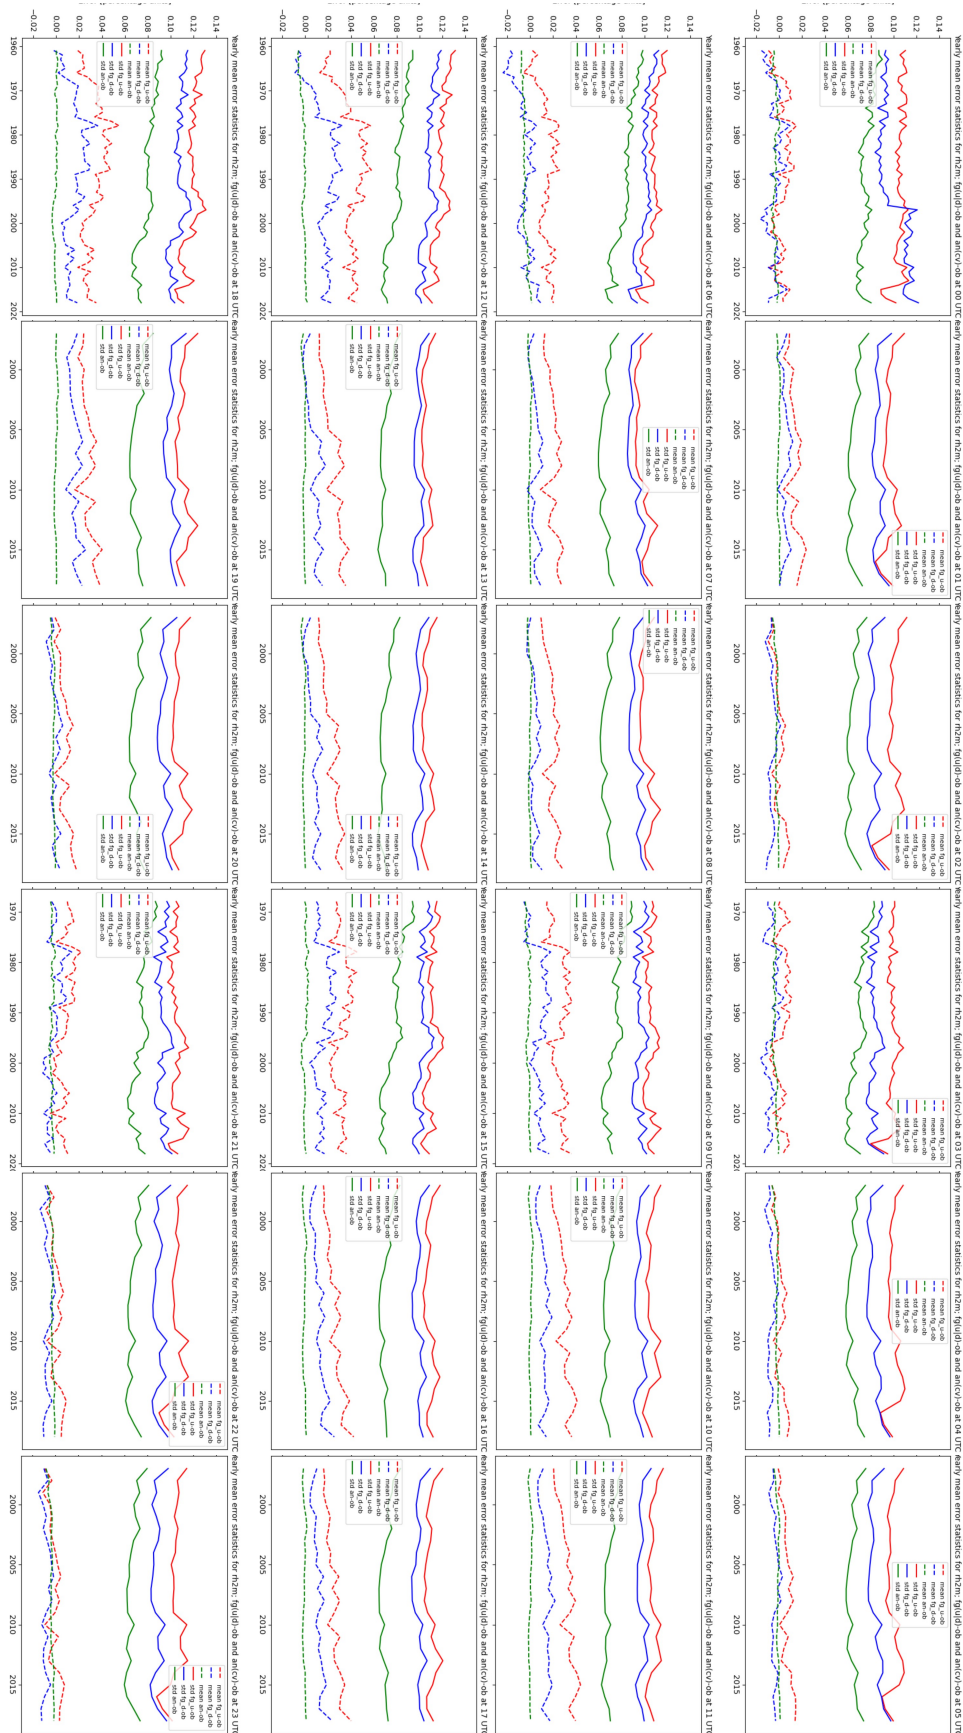

# Td2m RMSE and number of observations

Figure 4: Yearly mean of RMSE and thenumber of observations for each hour of the Td2m analysis

# Rh2m bias and standard deviation

Figure 5: Error statistics for Rh2m in terms of bias and standard deviations for each analysis hour.

# Rh2m RMSE and number of observations

Figure 6: Yearly mean of RMSE and thenumber of observations for each hour of the Rh2m analysis
